Facility Identification Number: 122006
Special Temporary Authority
BESTA-20161006ACQ

Dear Licensee:

This is in reference to the request filed October 6, 2016, on behalf of Calvary Radio Network, Inc. ("CRN"). CRN requests an extension of the April 11, 2016 Special Temporary Authority (STA) for continued reduced power operation (approximately 50% of licensed power) until repairs to the station transmitter can be completed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS HEREBY GRANTED. Station WJCZ may continue to operate at reduced power. CRN must notify the Commission when licensed main operation is restored. CRN must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on April 15, 2017.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is written in a cursive, slightly slanted style.
